

# Product Overview: EcoSmart Water Bottle

Product Name: EcoSmart Water Bottle

## Description:

The EcoSmart Water Bottle is a durable, BPA-free, and environmentally friendly water bottle designed for active lifestyles. Made from recycled materials, this bottle helps reduce single-use plastic waste while keeping your beverages cold or hot for hours.

## Key Features:

- 750ml capacity
- Double-walled insulation
- Leak-proof cap
- Built-in temperature display
- Made from 100% recycled materials

## Use Cases:

- Gym and fitness routines
- Outdoor adventures and hiking
- Office and daily hydration
- Eco-conscious gift item

## Customer Reviews:

"Absolutely love the temperature display!"

"Lightweight and keeps my drinks cold all day."

## Product Overview: EcoSmart Water Bottle

"Great eco-friendly alternative to plastic bottles."

### Care Instructions:

Hand wash recommended. Do not microwave. Avoid freezing the bottle.

### Sustainability Impact:

Each EcoSmart bottle saves approximately 30 single-use plastic bottles from being used.

### Available Colors:

- Ocean Blue
- Forest Green
- Charcoal Black
